FOR AKINS FROM THE SECRETARY

Do not try to turn off Fahmy/Sagqaf trip when you talk to the King. Also, you should be aware that from

Boumidenne we have received opposite information to the effect that a decision was taken to lift the embargo. Therefore, regardless of what Yamani has said, do not go into your meeting with the King on the assumption that what Yamani has conveyed to you is necessarily correct. Hear the King out first. And report immediately.
