Thank you for your kind letter of June 11 and for the gifts which recently reached me. They reminded me of my own enjoyable visit to your hospitable country.

It was a great pleasure seeing you again and having an opportunity to hear from you of Yemen. As a small souvenir I enclose a photo taken during your call.

I am glad that you and your colleagues enjoyed your stay in the United States. We were honored by your visit, which I am sure you will agree served to strengthen the already warm and friendly relations between our two countries.

With best personal regards,

Sincerely,

*William P. Rogers*
